

Kindergarten & First Grade News

October 9, 2017

In Math, Kindergarten is working on writing number sentences and drawing pictures to match. We are learning about the hidden partners within a number, such as 2 and 1 are hiding in 3.

First grade is working on hidden partners in numbers up to 10. We are making math stories to go with number sentences. The tricky part is that the mystery number or missing number is not always the answer (total or result).

The students are getting better at logging in and have been working on DreamBox and Mobymax.

Our Bible lesson this week is about Isaac's birth. Kindergarten's memory verse is Matthew 12:8. First grade also has Matthew 5:44 and Acts 5:29.

In Science we are looking at safety in science, and then we will be making a classroom jack-o-lantern.

There is NO SCHOOL on Friday so no Show and Tell this week.

Don't forget to sign up for Parent/Teacher Conferences. Mrs. DuBois and I will be doing these together.

Blessings on your week,

--
