| 4. angle | 9.camel | 14.example |
| 5. ankle | 10. travel | 15. vowel |

Bonus: February

Vocabulary- Finish unit 10, test Friday

Math-

We continue to work on our math facts! Ask your child about the sevens song sung to the tune of Happy Birthday! (7,14,21,28,35,42,49,56,63, and 70!)

We are now moving on to memorizing our 2 multiplication facts.

Religion- Unit 5-God Hears and Answers His People

This month we are talking about prayer. Why we pray, when we should pray, and why we say certain things in the Lord's prayer, for example, thy kingdom come, and thy will be done.

Memory-week 22. We are working hard on learning longer verses, pray that God's word will stay in our hearts!

Offering: For the 3rd quarter chapel offering we are supporting Hearts for Jesus, who is raising money to support children in the Detroit area to send to a sports camp. For many, the camp is the only full meal they will receive that day! They will learn about a sport, have food, and learn about Jesus and his salvation!

Science- Studies Weekly- Watch the Sky

For the next two weeks we will be talking about seasons, moon phases, solar and lunar eclipses, and also learn who Nicolaus Copernicus is and what he did.
