

1-23-2017

Dear families,

Welcome to the 3rd quarter. No name papers will take writing first, middle, and last name 75 times. Put your names on your papers to avoid this punishment. Late papers will now lose points for being late. Students end up falling more behind when they do not do the work. Grading late papers is also difficult for teachers. Extra credit is available in math for doing extra problems as well as advancing in the online programs like Mobymax and Dreambox. These programs can be accessed at home if you have an internet connection.

Book orders are due on Tuesday, January 31.

We invite you to chapel on Wednesday. 7th & 8th grades will be leading it.

Wanted: books & stuffed animals for the upcoming book carnival.

Remember to update the view on Thinkwave to the new quarter. When looking at grades on the left side of the page there is a "Terms" dropdown. We are now in the 3rd quarter. You should also double check the school year. Do this by clicking the down arrow by your name on the upper right side, and pressing 2016-2017.

Upcoming Tests

4th math test Tuesday

Algebra test Tuesday

5-8 science test Tuesday

5-6 math test Thursday

Algebra ½ test Monday

4th math test next Wednesday

God bless you all,

Jeff Weiss
